# How the company bike leasing works A step-by-step guide

A bike leasing request goes through several stages of processing until it is fully active. The process is briefly explained and the single functions are described in more detail below. For further questions please find FAQs on benify.com or <a href="https://www.energized-for-bike.de">www.energized-for-bike.de</a>. You can also reach out to the P&O Rewards team and write to benefits.germany@novartis.com.

### 1. Registration

You can register to the company bike service tool quickly and easily. This is possible via the company microsite <a href="www.energized-for-bike.de">www.energized-for-bike.de</a> where you can view the terms and conditions of participation and enter your personal data. You will receive an email after submitting the form. Please confirm the link in the e-mail to forward the request to the responsible P&O Rewards contact person. Novartis will then review your registration request.

# 2. You will be authorized for the company bike leasing

After your request has been approved by P&O Rewards, you will receive two emails. One e-mail contains a link to the service tool to log in and set a password. The second e-mail contains your token. The token is a numerical code that you can use to identify yourself at the bike shop. Please note that the token is valid for eight weeks.

#### 3. An order is created

Our retailers will be there to help you to choose your company bike and answer all your questions around leasing. Get expert advice from your local dealer! Once you have decided, hand over your token to the retailer. They can now view your data and create your order.

#### 4. The order is approved by People & Organization Rewards (P&O)

Please send the signed transfer contract (Überlassungsvertrag) to Novartis. To do so, please download the contract (Überlassungsvertrag\_Vordruck) once from the Eurorad-Tool, sign it electronically or by writing and then upload it again. Please wait until the dealer added the information regarding the leasing partner and leasing rates, do not sign and upload the template. The contract regulates all rights and obligations associated with the leasing. P&O Rewards is then reviewing the order and you will be informed once the application is approved and the handover of the company bike can take place.

#### 5. You pick up your company bike

Finally, your bike is ready! As soon as Novartis has released the order, you will receive a transfer token. Make an appointment with your dealer and pick up your

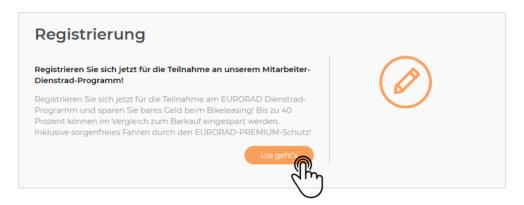

bike. All you have to do is bring the transfer token with you and you can start cycling.

# How to register

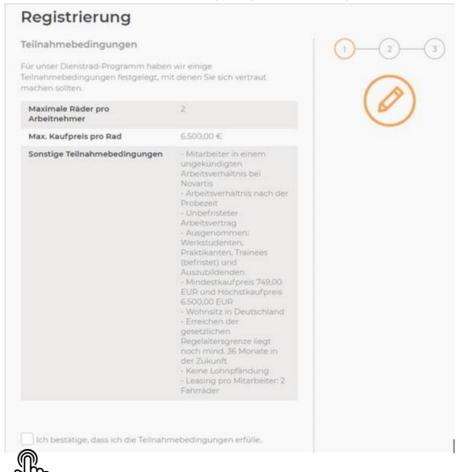

#### 1. Open the registration link

Via the microsite www.energized-for-bike.de, you will receive a link that leads to the registration form. Open the link and start the registration process.

#### 2. Read & confirm the terms and conditions of participation

Various criteria must be met to participate in the company bike leasing. Please read the defined terms and conditions of participation and accept them.

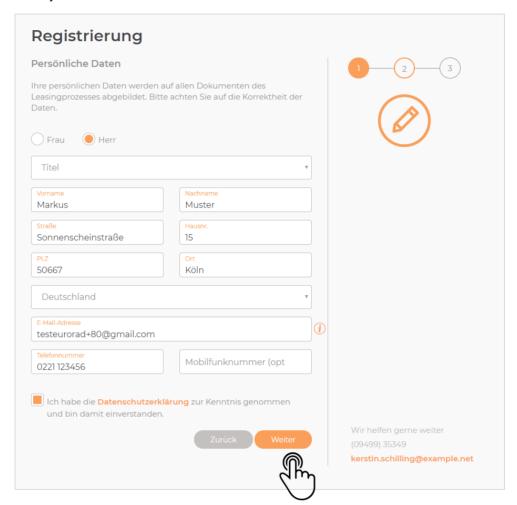

**NBS CoE Rewards** 

# 3. Enter your personal data

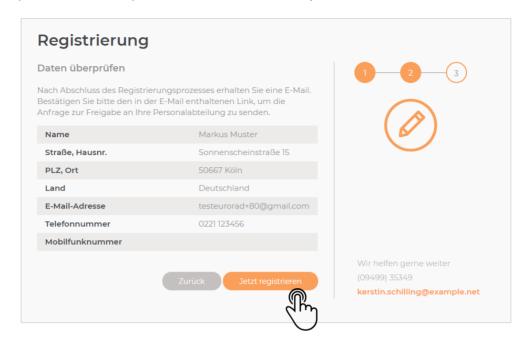

Fill out the form with your personal data. Via the e-mail address provided here you will be contacted once it is approved by Novartis and you will receive information about your orders.

**NBS CoE Rewards** Business Use Only

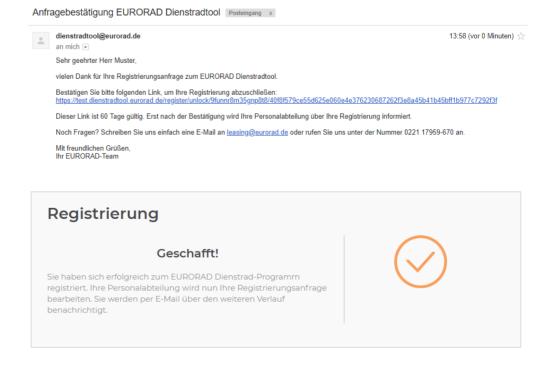

#### 4. Verify your data

Verify your inserted data. Please be aware of the fact that divergent information prevents a smooth process and could lead to a rejection of the lease contract.

## **Complete registration**

You will receive an e-mail in your mailbox after submitting the form. Confirm the link in the e-mail to send your request to P&O Rewards. Your registration request will then be reviewed by the P&O Rewards team.

#### 6. Approval of the registration

Once your registration has been approved by P&O Rewards, you will receive a confirmation e-mail for final activation in the company bike tool.

- → Now you can log in to the tool.
- → In addition, you will receive a token with which you can identify yourself at the retailer.

# Order a company bike

## 1. Chose a company bike at the retailer

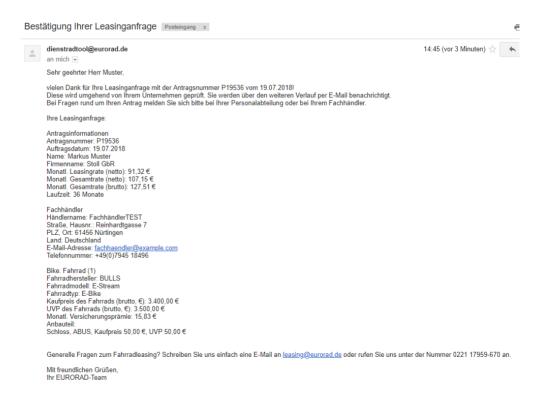

Get detailed advice from your retailer or local dealer and choose a company bike. With your token, the retailer creates an order in the tool, which P&O Rewards has to approve.

# 2. Confirmation of the leasing request

You will also receive the data of your order by e-mail.

Watch out! The lease rate indicated here is the rate that Novartis pays to the leasing company and is deducted from your gross salary. This is not your actual monthly net charge! You can calculate it individually with your personal salary data in the leasing calculator on www.energized-for-bike.de.

#### 3. Transfer contract

In order for P&O Rewards to approve the order, you must provide a transfer agreement (Überlassungsvertrag\_Vordruck) which you can find in the Eurorad-Tool. Please send it only signed from your side to P&O Rewards through the Eurorad-Tool. Please do not sign and uplate the template, wait for the dealer to upload the above mentioned Überlassungsvertrag\_Vordruck.

#### 4. Approval by P&O Rewards

Once P&O Rewards has approved your request, you will receive a confirmation email.

#### 5. Arrange the pick-up

Furthermore, you will receive an e-mail with the transfer token. Contact the retailer to arrange the pick-up time. Please bring your transfer token with you when you pick-up your bike so that the retailer can hand the bike over to you.

Watch out! Do not hand over the transfer token until you receive your company bike.

# Requesting another token

#### 1. Open the request dialogue

After the registration release, you will receive a so-called token in addition to your login, which serves as a code for identification at the retailer. The token expires when you create an order. If you have not yet used up the maximum number of company bikes, you can request a new token. To request a new token, go to your account and click on the button "Request token".

#### Ihre Leasinganträge

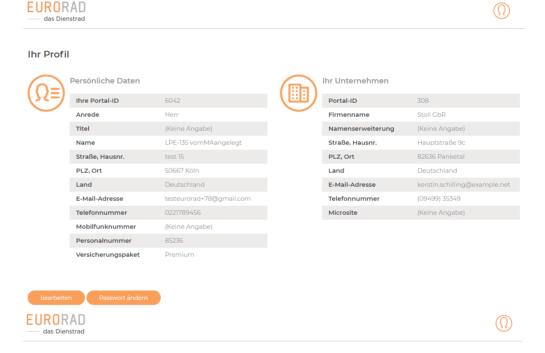

### 2. Token request is examined

After submitting the token request, P&O Rewards is informed. As soon as the P&O Rewards team has approved the new token, you will receive an e-mail with the new token and you can choose a new company bike to lease at your local retailer.

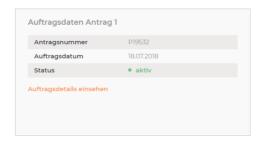

## View your profile

#### Review your profile data

In your profile, you can review the data stored for you in the service tool. This includes your personal data such as your address and contact details as well as information about Novartis. Please make sure that the correct company is added.

#### Ihre Leasinganträge

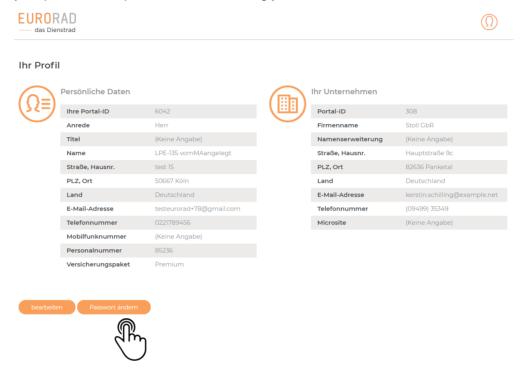

# Edit your profile

## 1. Open the editing form

If you want to edit your e-mail address or phone number, you can do so easily via the company bike tool. All other data changes, such as changes of address or name you need to discuss with P&O Rewards. To edit, simply click on the edit button in your profile. This opens the form for editing your data.

#### Save your changes

After editing your e-mail address or phone contact, simply save the data by clicking on the save button. All data entered by you will be updated immediately.

Ihr Profil bearbeiten

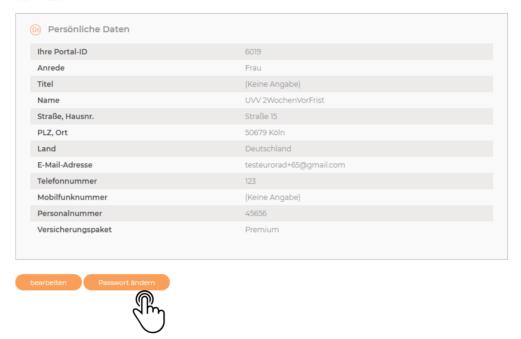

# Change your password

## 1. Change your password

Every 6 months you should change your password for security reasons. To do so, click on the button for changing your password in your profile.

#### Ihr Profil

# 2. Set a new password

Assign a new password in the password form. As soon as you confirm it, the password is saved and serves as a new login.
